Students received their latest report today showing their progress so far in January. The new goal for January is for students to read at least 2 chapter books on their own and pass the AR quiz over them with 70% or higher. Their biography book would be good for this. ☺

Students were instructed to take the AR quiz over our "All Aboard!" biography story last week. Since we spend so much time on the stories from our anthology and use them all week to learn and review other skills, I am going to average the score from the AR quiz with the score from the Selection Test to get the final grade.

Please be patient and flexible as we undergo virtual learning this week. I am going to attempt to meet with small groups of students rather than the class as a whole. I think it will be more conducive to learning and allow for better understanding, not to mention asking questions. I have assigned each student a time slot in the morning. If, for whatever reason, things don't work out, I will be happy to make adjustments. We have discussed in class how students can find our class code to join a Google Meet by visiting our 3rd grade Google Classroom. Please have your child ready with his or her materials before their time starts, so that we can make the best use of our time. If you have any questions, please don't hesitate to ask. Thank you!
